Aim

To train staff to deliver Seasons for Growth, an accredited loss and grief group intervention for young people aged between 6-18 years. Seasons for Growth is a group intervention for young people who have experienced a bereavement or a loss. It runs over 8 sessions with a couple of additional sessions. Note Seasons for Growth is a group intervention.

Learning Outcomes

- Awareness of how the Seasons for Growth programme supports the promotion of social and emotional wellbeing for young people who have experienced significant loss due to death, family breakdown or other factors.
- To be able to support a group of children and young people using the Seasons for Growth programme manual and journals.
- To incorporate a variety of activities, strategies and techniques from an educational and cognitive behavioural framework in order to encourage the children and young people to value who they are.

Please note that a training manual will be provided free to delegates but schools will be expected to purchase journals for children and young people when running the programme.
